

## Action Starts in Mister X Drive Here

**BASHFUL, NOTORIOUS MR. X** retires behind poster as telephone calls start pouring in to Safety Council office. Observant Edmontonian who first correctly identifies Mr. X with detailed description of his traffic violations while driving on city streets will be \$50 richer. Special phones have been installed at 25362 to accom-

modate calls of persons reporting traffic violations. Here Alca Bull (left), of Alberta Motor Association, and Genevieve Gates of Chamber of Commerce, start listing record of reporting citizens. Officials hope contest will sharpen citizens' appreciation of good traffic practices.

## Anti-Sex-Crime Campaign Is Opened in Vegreville

Special to The Bulletin

VEGREVILLE, Aug. 29.—Vegreville women yesterday started what they hope will become a Canada-wide campaign to have amendments made to the criminal code as it concerns sex offenders.

It is the hope of the Vegreville women to interest all national women's organizations in the problem and to have them first attack it by letters to their respective members of parliament.

### RESOLUTIONS PREPARED

At their Sunday meeting, the women drafted a resolution asking the code be amended so sex criminals could be kept in confinement until a medical tribunal certified the individual was no longer a danger to society.

The resolution will be forwarded in form of a letter to John Deane, MP for Vegreville, and it is intended that the women to have similar letters forwarded from the surrounding towns.

The Vegreville women, alarmed over increasing sex crimes, particularly against children, intend to seek backing of every national women's organization in the Dominion so that, through their members of parliament, they can be united in an approach to the federal minister of justice.

### WOMEN ASK MEET

Fifty attended the Vegreville meeting, representative of all women in the town. It was convened by Mrs. E. E. Norton at the request of many women.

Mrs. Morton, president of the Federated Women's Institutes of Canada, but in convening Sunday's meeting she acted in a personal capacity.

Another meeting will be held next Sunday when work of organizing women in the surrounding areas will be reviewed.

## Big Docket Faces Court

About 25 criminal cases will be tried in Supreme Court here when sittings begin Oct. 2.

Included are two murder and seven rape cases.

Only criminal court cases to be tried before Oct. 2 are those of two accused persons who have elected a speedy trial.

They are Mike Pokar, of Edmonton, charged with being in possession of burglary tools at Stoney Plain, and Dean Stewart, of Edmonton, charged with keeping custody of the law.

### SEPT. 9 AND 10

Pokar's case comes to trial Sept. 9. Stewart's trial is scheduled for Sept. 10.

Judge Harry Fraser, of district court, will hear the cases.

Civil court will begin sittings on Tuesday, Sept. 6.

Numerous cases are slated for hearing, but final list of cases to be tried will not be completed until Saturday.

### Poetry Academy

POKREPUKE, Aug. 29.—(AP)—Foundation of a German academy for languages and poetry was announced yesterday at a dining ceremony commemorating the 200th birthday of the German poet Johann Wolfgang von Goethe.

## THAT NUMBER MEANS SPEEDIER SERVICE

Extraordinary increase in circulation and advertising has antiquated the New Bulletin's telephone exchange.

Because of the large volume of business, we have had to change to a new number, 42111.

This new number is printed under the type today by a clever trick of Patrick Londeley, Bulletin stenographer and, Joe Well, Bulletin press foreman.

We hope it helps you to remember our new number. We know this new number will assure you of good service.

## 2 Children, 3 Adults Injured in Traffic

Five persons, including two children, were injured in week-end traffic accidents here.

Four city drivers, charged with dangerous driving, paid a total of \$102 in fines. In three cases drivers' licenses were suspended.

A fifth autoist, charged with dangerous driving, was remanded for sentence after he pleaded guilty.

Accident victims are: Gerald Podgurney, 7, 9654-84 avenue.

Mac Summersgill, 1455-147 street, Glen Croome, 9031-89 street.

Donald Drummond, 8224-80 street. Minor injuries were also suffered by two women and a young girl in two other accidents.

Gerald Johnson was taken to University hospital Sunday evening after the bicycle he was riding ran in collision with a bus on 109 street.

**SKIDDED ON GRAVEL**  
The boy attempted to stop his bicycle but skidded on loose gravel, struck the bus and was thrown from the front wheel. The other boy ran his bicycle into the curb.

The boy suffered fractured ribs, lacerations and possible punctured lung as the wheel of the bus stopped just before running over him.

Summersgill, Croome, and Drummond were taken to University hospital Saturday when the car in collision with a parked truck on 103 street near 62 avenue.

**BROKEN LEG**  
Summersgill suffered a fractured leg. Croome and Drummond were treated for hand and face lacerations.

Mrs. K. Bucknell, 9636-102A avenue, suffered a compound fracture of the right leg and lacerations when she was knocked down by a delivery truck at 11:30 a.m. Saturday on 102 street north of 100 avenue.

Driver of the truck, Steve Lunk, 9630-103 avenue, told police the boy ran out between two parked cars.

Walter Senft, 9927-161 street, paid a fine of \$60 in police court when he pleaded guilty to a charge of dangerous driving. His driver's license was suspended for six months.

**OUT OF CONTROL**  
He was arrested Sunday afternoon after his taxi went out of control while driving north on the Fort Trail between 120 and 121 avenues.

The taxi struck a garage and knocked it down. The roof fell on top of a car inside.

## GARAGE HITS CAR, SAYS HE

LOS ANGELES, Aug. 29.—(UP)—Ernest A. Tucker, 57, said today his garage ran into his car but police disagreed.

Tucker's car and his garage crashed together at an intersection, while it was being moved. Police booked Tucker on suspicion of being drunk.

## 70-Mile Winds Hit New York

NEW YORK, Aug. 29.—(UP)—A driving hurricane lashed the metropolitan area with winds up to 70 miles per hour today and drove on toward New England.

Power lines were knocked down throughout New York, New Jersey and parts of Long Island.

**\$50 MILLION LOSS**  
The storm, which caused an estimated \$50,000,000 damage in Florida, would give the entire eastern seaboard a taste of its fury, the weather bureau said.

The storm center reached a point just west of New Jersey shore after daybreak and swept the Manhattan and Long Island areas with 70-mile-an-hour gusts and sustained winds of 55 to 60 miles an hour.

Power lines were reported down in numbers of New Jersey shore and Long Island communities. In the East Bronx, all available workmen from the Consolidated Edison Co. were summoned to repair a power break.

The gale picked up momentum near New York shortly before dawn.

## Two Slashed In Hotel Row

CALGARY, Aug. 29.—(CP)—Two men were slashed on the hands by a knife-wielding woman in a downtown hotel here today.

Injured by the woman were Ernest A. Hoffman of Sudbury, Ont., and John Weber of Calgary.

The woman, identified as Mrs. Marie Branson, Calgary, suffered a deep cut in her right hand during the affray. Neither of the men suffered serious wounds.

The woman was arrested by police and charged with wounding with intent to cause bodily harm.

Weber told police he was entertaining a number of friends, including Hoffman, when Mrs. Branson entered the room, wielding a jack knife. The two men were wounded while keeping Mrs. Branson from attacking another woman in the room.

Calgary police are now trying to get rid of her, seek an injunction so they have threatened to bring her to court.

Later Sunday, Mr. Guthrie told the remaining members of his congregation that he had renounced the church and its teachings.

**MINISTER CONFIDENT**  
The former members of our church who have left and are now trying to get rid of me, seek an injunction so they have threatened to bring her to court.

Later Sunday, Mr. Guthrie told the remaining members of his congregation that he had renounced the church and its teachings.

Calgary police are now trying to get rid of her, seek an injunction so they have threatened to bring her to court.

Calgary police are now trying to get rid of her, seek an injunction so they have threatened to bring her to court.

# 4 Albertans Killed in Three Accidents

## 22,000 Are Homeless In Flood

7 Persons Drown As Waters Ravage Australia Area

SYDNEY, Australia, Aug. 29.—(CP)—Flood waters reached this morning at Kempsey in the north coast district of New South Wales.

One woman, three men and three children are known to have drowned.

During the week-end 10 business premises and 20 houses in Kempsey were washed away, while 200 houses and shops were badly damaged.

A Sydney Daily Mirror reporter said the floods had made 22,000 persons homeless and caused damage estimated at £1,000,000 (\$3,200,000).

The pilot of an RAAF aircraft reported yesterday that in one group of 50 houses only eight persons could be seen huddled on the roofs. The swirling waters made rescue impossible.

He said huge areas, where the fate of hundreds of small farmers was not known, had not even telephone poles or roads showing above the flood.

## RESCUE BASE

At Kempsey town itself, all force planes dropped food, clothing and medical supplies to townfolk who escaped to high ground. The water receded at the town, which became the base for rescue operations.

Aerial photographs taken yesterday show buildings, shops and a house carried across streets by the torrents, and a 30-yard gap in a railway viaduct.

Twenty-knot currents made it impossible in many places for rescue operations to proceed, and as darkness fell operations had to be suspended.

Kempsey has a normal population of 7,000. Fear for the safety of many residents is intense because of reports that the first flood raced through the streets and countryside in a wave travelling at 25 miles an hour.

## Church Storm Breaks Around 'Love Letter'

GUELPH, Ont., Aug. 29.—(CP)—Centre of a storm which broke around York Road Baptist Church over his alleged love letter to a married woman, Rev. Thomas H. Guthrie said Sunday night he would stay at the church and fight it out.

Some of his congregation told him in a letter after a meeting last week that his pulpits were declared vacant and asked him to vacate his parsonage within a month.

**MINISTER CONFIDENT**  
The former members of our church who have left and are now trying to get rid of me, seek an injunction so they have threatened to bring her to court.

Later Sunday, Mr. Guthrie told the remaining members of his congregation that he had renounced the church and its teachings.

Calgary police are now trying to get rid of her, seek an injunction so they have threatened to bring her to court.

Later Sunday, Mr. Guthrie told the remaining members of his congregation that he had renounced the church and its teachings.

Calgary police are now trying to get rid of her, seek an injunction so they have threatened to bring her to court.

Calgary police are now trying to get rid of her, seek an injunction so they have threatened to bring her to court.

Later Sunday, Mr. Guthrie told the remaining members of his congregation that he had renounced the church and its teachings.

## Edmonton Woman Drowning Victim

Death claimed lives of four Albertans, including a young Edmonton woman, in accidents reported since Saturday.

Miss Ray Shewfelt, 23, of 10248-95 street, was drowned early yesterday at Alberta Beach, 45 miles west of here.

Two Warner motorist men, James E. Miller, 39, and Vernon Givney, 59, were killed when their light delivery truck overturned on the highway near Lethbridge early today.

Fourth accident victim was Wilfred Boyer of Weyburn, Sask., who died following an oil well explosion at Casselman, Ont., north of Stettler. Stettler is about 135 miles southeast of Edmonton.

Details of a drowning of Miss Shewfelt were lacking here today.

**LAKE DRAGGED**  
RCMP reported recovery of the body near the shore-line of Lake Ste. Anne after dragging the lake for seven hours.

It is not known whether the young woman was swimming alone or with a companion when the accident occurred.

The young woman was on holidays at the lake resort and had been employed by an Edmonton laundry she had resided here with her parents.

Funeral services will be held here Wednesday.

**DIES FROM BURNS**  
Boyer, the oil well victim, died in Stettler hospital after receiving severe burns in a raging fire following an explosion at the well at 10 a.m. Saturday. Two other workers were also injured but their condition is reported "fair" by hospital authorities.

Less severely burned while shutting off a pump engine were Buster Brown and Joe Cook.

Boyer is said to have finally succeeded in shutting off the pump, preventing more serious consequences, but sacrificed himself in the effort.

According to RCMP reports, Miller and Givney were instantly killed in the highway accident near Lethbridge.

**TRUCK TURNS OVER**  
Truck left the highway on a bend and turned completely over.

Both driver Miller and his passenger Givney were crushed under the wrecked vehicle.

Accident occurred just before daybreak. Both victims are unmarried.

An inquest will be held.

## Old Contempts Meet In London

LONDON, Aug. 29.—(CP)—Veterans of the Boer, Afghan, Mexican and Ypres campaigns of the First World War met yesterday in an annual reunion, parade of the Old Contempts Association.

Memories of Gen. French's "Contemptible Little Army" of 1914 were freshly exchanged at 1,000 veterans formed up for inspection by Lt. Gen. Sir R. E. Clibborn, assistant president.

The parade was held at the Crystal Palace, London.

The parade was held at the Crystal Palace, London.

The parade was held at the Crystal Palace, London.

The parade was held at the Crystal Palace, London.

The parade was held at the Crystal Palace, London.

**COURT APPEARANCE** of cab-driver Walter Senft, 9927-161 street, climaxes this Fort Trail accident yesterday. Senft's car went out of control, struck garage at rear of 12022-77 street, demolishing building and pulling it down around this vehicle. Passenger, Mrs. K. Bucknell, 9636-102A avenue, received slight injuries. Senft was arrested for dangerous driving, and appears in court today.

# It Happened TODAY

## Conspiracy Trials

Famed Negro baritone Paul Robeson is co-chairman of a nation-wide organization to oppose conspiracy trials of 11 top Communist officials. Judge Norval K. Harris, of Sullivan, Ind., is listed as co-chairman. Robeson has been a strong supporter of Russian Communism for years.

PAUL ROBESON ... Opposes trials.

## Crime

Adolf Hitler has been dead a long time but he's still claiming crimes. Scotland Yard has now joined in relentless search for international counterfeiting ring, robbing three continents with counterfeit American bills. It has been established bills are printed from engravings made at order of Hitler in 1940 when Dr. Goebbels had hopes of running things in America, including the treasury.

## Cold War

Asia is going to have a Red master plan of conquest according to Asian-owned Singapore newspaper Sunday Tribune. Paper states Communist leaders of Asia, Australia, Polynesia and southern islands have been summoned to meeting in Peking, China, for conference Nov. 15. Object: "hammer out a Red master plan for the Pacific."

## U.S. Budget

Important Senate vote on multi-billion U.S. armed services appropriation bill may be decided by absentee vote rather than by those who vote. Senate economy bloc that would pare \$15,000,000,000 program by five to 70 percent below estimates, is rated slight underdog in voting but leaders think result will depend largely on how many senators fail to vote.

## Margarine

Quebec's Canadian Catholic Federation of Labor is expected to seek repeal of provincial law prohibiting manufacture and sale of margarine at annual convention Sept. 18-22.

## Aviation

U.S. Navy is going to hold a closed probe of its best on charges about Air Force B-36 contract-letting. Navy wants to find out if personnel other than Cedric R. Worth circulated rumors of skullduggery in B-36 program. Worth admitted to house armed services committee he wrote an anonymous letter charging graft in B-36 contract-letting. Navy suspended him.

## Disaster

U.S. submarine Tusk has sailed from Tromsø, Norway.

# 34 Million Hands Hold Fate of U.K.

## Workers in Trade, Industry Key to Future Way of Life

One of the biggest tasks of Britain's Labor government is to sell its policies to the working people. The following article, the last of a series, discusses that problem.—EDITOR.

By Stuart Underhill

LONDON, Aug. 29.—(CP)—Britain's future way of life—toward poverty or prosperity—depends largely on the willingness of 37,000,000 pairs of hands.

They belong to the working force in trade and industry. Most are connected in some degree with the export program on which the Labor government is staking so much—a program that is falling disappointingly short of fulfillment. Many factors are involved. One is the price of British products, which some foreign buyers think too high. The government antipathy to the criticism, has been trying for months to lower production costs.

"Use your ingenuity," it has asked British workmen. "co-operate with management in developing techniques that will cut down costs. It is to your own advantage to do so."

In some cases, the Labor ministry reports, response to the appeal has been so enthusiastic that production has jumped 50 per cent. But this happens all too seldom.

OPINIONS VARY  
Is it because the working classes are lazy and indifferent to their country's welfare? Industrial experts who have visited the United States claim that the British workman toils as hard as his American counterpart, but lacks mechanical devices to help him.

The trades union congress, which has more than 7,500,000 trade union members, says the reason is more deplorable.

It suggests that old habits of spinning out work and creating as many jobs as possible, acquired during the depression years, still have a strong hold. This suspicion and hostility remain the chief obstacles to higher production, the TUC said in a monthly bulletin.

Workers "are still looking back over their shoulders at the dump of 1931-38 and are determined that they will agree to nothing that will modify the existing rules."

Clearly full employment will not become a permanent feature of our national economy," it said.

APPEALS FALL FLAT  
The Labor party obviously hoped that a "government of the people" would inspire workers with the wartime fervor that kept them at their machines until they dropped exhausted. But it was the post-war inspirational appeals that fell flat.

Now the government, in co-operation with the TUC, has begun a patient program of education at every level of industry. Hundreds of "joint production committees" have been established. Union officials are studying production methods. Shop stewards are being told that the best way to keep men in jobs may be to get more work out of them.

The part of management is not overlooked. Subtle pressure is brought on those employers who fear that consultation with employees may lead to their demanding a voice in business operations. But all this takes time, and Britain's need is urgent.

GRUDGE AGAINST GOVT  
Conversations with workmen disclose that many hold a grudge against the government, although they are at a loss to explain it. It seems based on a resentment at being "dragged into" the government's problems.

There is also a widespread dissatisfaction with the operation of nationalized industries, in which some 3,000,000 men are employed. Here the grumble is that: "The

only change we've had is in the boss." Many are critical of the centralization of administration in London.

Whether these grumbles will be reflected in the next general election is impossible to say. They are expressed by a minority, and some others opposed to the government, but on the whole working-class solidarity behind Labor seems unshaken.

Some economists have argued that British industry would function better if there were wider unemployment (the ranks of the jobless are stationary at around 300,000).

No government spokesman has associated himself with the theory, which only inflames the suspicion of the working class and upsets the government's claim that the old workless days are gone forever.

## 'Love Letter' Storm Breaks

(Continued from Page 1)  
his sin "and God has given me the grace to stand."

The controversy stemmed from a love letter the married pastor allegedly wrote to a married, Guelph woman. Last night, while the minister conducted his regular service, five of the church's six deacons and the disident members of the congregation held their own meeting in the Orange Hall.

At the meeting Mr. North read a letter he said was written by Mr. Guthrie. The letter, he was returned to a bank for safekeeping.

Parts of the letter were quoted in an analysis of the whole situation which appeared in an eight-page circular put out over the signatures of Mr. North and David Fulton. The circular was addressed to the members of the church.

LETTER QUOTED  
It said: "We are sure the members generally will read this letter with surprise and regret. . . . It is baldly a love letter written by Rev. Thomas H. Guthrie, himself a married man. . . . The bald fact remains he was declaring his love for another man's wife. Nor does he appear to be ready to discontinue his attentions."

The circular said the letter was signed "Thomas (Honey) Guthrie" and ended with the words: "I love you."

At Toronto last night, Miss Mar-

## Elizabeth TAYLOR

LAUNCHED HER CAREER UNEXPECTEDLY WHEN HER FATHER, ACTING AS AN AIR-RAID WARDEN DURING THE WAR, HEARD BY CHANCE THAT M.G.-M WAS LOOKING FOR AN ENGLISH GIRL TO PLAY IN "LITTLE WOMEN." SHE WAS FOLLOWED BY A LONG TERM CONTRACT WITH L.A. STARS MADE IN LONDON, WHERE ELIZABETH WAS BORN ON FEBRUARY 27.

## Janet LEIGH

WAS BORN JEANETTE HELEN MORRISON IN MERCED, CALIFORNIA, ON JULY 26. SHE RECEIVED A MOTION PICTURE CONTRACT BEFORE SHE EVER FACED A CAMERA WHILE VACATIONING AT SCARLETT RESORT, NORMA SHEARER SPOTTED JANET'S PICTURE IN A FAMILY SNAPSHOT ALBUM WHICH WAS SHOWN TO HER BY A HOTEL RECEPTIONIST. THE RECEPTIONIST WAS MISS LEIGH'S MOTHER.

MOVING OVER to Empress Theatre for full week's run starting Monday is "Little Women." This excellent adaptation from popular book of same name is fine entertainment for all.

Jory Clark of Guelph was quoted as saying: "Mr. Guthrie calls all of us 'honey' and 'darling' and gives us his love. He does not mean anything. It's his way."

The Globe and Mail said in a newspaper story that Miss Clark called on Rev. T. T. Shields of Jarvis Street Baptist Church to ask why he advised the deacons of the Guelph church to expel Mr. Guthrie.

Dr. Shields was quoted as saying in part: "He is not worthy to be a minister and he will not stay in the church."

The alleged love letter was written to Mrs. Robert Still, a slender, dark-haired woman of 22. Mrs. Still told church deacons: "For two years Mr. Guthrie pestered and plagued both myself and my husband. He kept coming why he advised the deacons of the Guelph church to expel Mr. Guthrie."

## Two-Week Delay Forecast For Central Area Harvest

### FOREST FIRE CREWS GAINING UPPER HAND

Fire fighting crews in northern Alberta are gaining in a prolonged battle against forest fires. Crews were reduced from 40 to 25 men today in areas of Grande Prairie, Whitecourt and Lac La Biche where ground fires are burning slowly.

The blazes, in peat and tree roots, are remnants of serious forest fires which swept the area in the spring and early summer.

## Firemen 'All Wet' In Weekend Display

Edmonton firemen took a soaking at the annual water fight in Clarke Stadium Saturday night.

### FOR TWINS

### 85-to-One Sure Shot This Way

Odds against having twins are about 85 to 1.

And the odds are just as high, if not higher, against being able to find a baby carriage to carry twins.

But one Edmonton couple beat the odds.

They advertised for a twin baby carriage in Bulletin week-ends.

Cost was just 30 cents.

Bulletin wants ads are an economical and practical way to get results. Phone 42111 and try them.

## North Murder Trial Moved

Two Eskimo youths accused of murder of a 44-year-old Inuk woman last spring have been flown with RCMP escort from Spence Bay to Cambridge Bay in an RCMP plane, it was reported here today.

Cambridge Bay is 1,100 air miles north of Edmonton.

The move was made to provide a more convenient location for the trial, to be held some time in September.

Seat of trial was to have been Port Harrison.

Cadet plane which flew the accused to Cambridge Bay arrived in Edmonton yesterday to undergo periodic inspection. RCMP, inpector L. M. Lapointe of Ottawa, who was with the escort party, left the plane at Yellowknife.

The plane will leave here sometime within the next few weeks with judicial party. It will pick up the inspector at Yellowknife and will fly to the point chosen officially for the murder charge hearing, Northwest Air Command reported today.

**Clothing Makers Meeting Opens**

WINNIPEG, Aug. 29.—CP—Approximately 150 delegates are attending the ninth annual convention of the National Garment Manufacturers Association which opened here Sunday and will continue until Thursday.

First general session of the convention is scheduled for today. Installation of officers will take place tomorrow night.

## Province Shuns Southern Project

### 'Not Taking Over' Company, Says Ure On Irrigation

Alberta government today declared a "hands off" policy in regard to the contentious Canada Land and Irrigation Company.

Located in southern Alberta, near Medicine Hat, the irrigation system was one of the first in western Canada.

Recently talks have been held between Dominion, Provincial and company officials to discuss the possibility of the Dominion purchasing the irrigation project.

Hon. David A. Ure, minister of agriculture, today denied that the Alberta government may help finance the purchase of the system.

An Ottawa press report recently claimed that the Alberta government agreed to assume a share of the cost of taking over the company, Mr. Ure said.

### NOT CORRECT

"This is incorrect," he stated.

"The facts are that some years ago, in an endeavor to reach an agreement with the Canada Land and Irrigation Company and the Dominion government, the province undertook to construct certain distribution canals for new lands, Mr. Ure said.

"Cost of the canals was estimated at \$1,250,000. The amount was to be spent only if the company agreed to make its main irrigation canal and other works available for the diversion of the required water supply, and if the Dominion agreed to complete the necessary enlargement of these works.

### NO ACTION

"This expenditure has recently been confirmed by the Alberta government, but there has been no undertaking by the province to assume any of the \$2,260,000 expenditure for taking over the existing works of the company," Mr. Ure said.

He also denied that the Alberta government recently requested the Dominion to take over the company's assets.

"The Alberta government has not made any request of this nature, nor does it see the need for making such a request," the minister stated.

Lack of agreement in determining the disposal of the company's system is "only between the company and the Dominion government."

"There are no obstacles in the agreement between either the Alberta government and the company or between the Alberta and the Dominion governments."

By doing so they risk damage from early frosts, but if the temperature stays above freezing for the time, harvests will be more profitable.

Yields in this area will be about 30 per cent of last year's, department officials believe.

Cultures in from 50 to 85 per cent completed in southern Alberta, and is becoming general in the Peace River district.

**RISK DAMAGE**

By doing so they risk damage from early frosts, but if the temperature stays above freezing for the time, harvests will be more profitable.

Yields in this area will be about 30 per cent of last year's, department officials believe.

Cultures in from 50 to 85 per cent completed in southern Alberta, and is becoming general in the Peace River district.

**Gov't Official Will Leave For U.S. Appointment**

Former superintendent of the Taber School division, Dr. Delmer T. Oviatt, supervisor of the Alberta department of education teacher service bureau has accepted a position with Washington State College.

Dr. Oviatt will instruct in curriculum and elementary education at the Pullman, Washington, college.

Dr. Oviatt, after holding teaching and principalship positions in Alberta, attended Stanford University from which his doctor of education degree was awarded.

**BUSINESS TRIP**

Angus J. Morrison, Calgary, secretary-treasurer, United Mine Workers of America, District 18, is a business visitor in the city. He is registered at the Macdonald hotel.

**TOP LEGALITES MEET AT BANFF CONVENTION**

BANFF, Aug. 29.—CP—Some of the leading figures in the Canadian legal profession gathered here today for the opening of the 21st annual convention of the Canadian Bar Association.

Guest speakers during the sessions will include Prime Minister Louis St. Laurent, Premier E. C. Manning of Alberta and R. H. Lord, Minister of Justice, one of the outstanding legal men in Great Britain.

The two opening days of the week-long convention, which is expected to be attended by about 1,000 delegates, will be devoted to executive meetings. The convention proper will open Wednesday.

Stanley H. McCuaig, K.C., of Edmonton, president of the association, will preside.

Hon. A. J. Hooke, minister of economic affairs, and 100 others saw him off at station. Associated Commercial Travellers and station CERN are sponsoring trip.

## Gov't Denies Reports On Highways

Rumors that Edmonton will soon have four-lane highways leading in every direction from the city were discounted in government circles today.

Only highway widening job under consideration by the public works department at present is extension of the Edmonton-Niska road which may be increased to handle four lanes of traffic.

Work on this project would not begin at least until next year.

### NO EXTENSION

Four-lane highway between Edmonton and Niska is not contemplated, nor is extension of the present and recently completed highway to Clover Bar from Edmonton planned.

An asphalt surfaced two-lane highway is now being completed on this route and extends from Edmonton to Elk Island Park.

Plans to widen the present road two miles beyond the city limits to West Jasper Place are being given consideration, but no decision has been reached.

**New Block**

Construction of a \$60,000 28-unit apartment-hotel at 1810 Jasper avenue was authorized today by city building inspectors department.

Permit was issued to J. Clemens, and covers a 34 by 100 feet, three-story building.

## IN OUR Province

EDMONTON BULLETIN, Monday, Aug. 29, 1949 5

### Vegreville Chosen for New Business

VEGREVILLE, Aug. 29.—Geo. E. Gordon, livestock dealer, formerly of Edmonton, who for some years has operated as a buyer and shipper throughout the whole of Northern Alberta has decided to centralize his activities in Vegreville. He has acquired property adjacent to the eastern town limits for the establishment of stock yards, feed lot and buying office.

Mr. Gordon, who has now acquired a local dwelling and moved his family to Vegreville, says that as a trading centre he has become convinced Vegreville is the most active town in the province for his decision to concentrate his activities in this area in the future. He will operate a string of trucks between his yards here and the Edmonton market and will ship regularly by rail both to western points and the eastern Canadian and export markets.

Another outside firm to open up locally during the last few days is the Department Stores Ltd. of Edmonton.

### Ole Kirkelund, Ryley Pioneer, Dies at Age 70

RYLEY, Aug. 29.—Ryley pioneer lost one of its beloved pioneers in the passing at Tofield hospital of Ole Kirkelund, 70.

Mr. Kirkelund was born at Hallingda, Norway and emigrated to the United States in 1905, where he settled at Ross, North Dakota. In 1912 he married Miss Bertha Bekkelund, of Hedemera, Norway, later moving to Ryley, where he owned and operated the Red and White Store for 21 years, until he retired from business two years ago.

Rev. A. M. Vinje, of Camrose, and Rev. Sterling H. Johnson officiated at the service. Mr. Kirkelund is survived by his widow, four daughters, Mrs. Arthur Annebo, Ru Eile and Gladys of Ryley, and Mrs. Peter Runkle of Edmonton, and two sons, Bjorne and Olaf.

**Letter Of Thanks**

DRUMHELLER, Aug. 29.—George Cope, one of the men responsible for the success of the recent visit of the Australian Traffic Commissioner, F. R. Gullick, in this district has received the letter of thanks of the Australian government through F. M. Forder, High Commissioner in Canada and former premier.

Possibility of a further visit of Australia officials to this province and district was intimated in the letter to Mr. Cope.

E. FINKLE  
... Leaves station.

### Ponoka Agent Ends Service

PONOKA, Aug. 29.—E. Finkle, C.P.R. agent at Ponoka for 34 years, is retiring at the end of August.

Mr. Finkle, who was first in Ponoka in 1905 as an assistant, owned agencies at Penhold, 1904; Staveland, 1905; Sedgewick, 1906. In his 46 years service with the company, Mr. Finkle has been stationed at points between Edmonton and Calgary for 31 years.

He has served on Ponoka town council for six years, and the board of health for two years. He was one of the organizers of the flower and garden show.

Mr. and Mrs. Finkle will continue residence in Ponoka.

G. G. Kyle, of Eastland, Sask., will succeed Mr. Finkle.

### Two Sentenced At Red Deer

RED DEER, Aug. 29.—Sentences totaling ten years were handed out in Red Deer city police court, where two young men, electing summary trial, pleaded guilty to four charges which included breaking and entering and theft.

However, the sentences are to run concurrently so Roger Allan Wain of Red Deer and Leedale will serve only 12 months at Fort Saskatchewan jail, while his brother-in-law, Gordon Keith Pike, also of Red Deer, will be out of custody for just one year.

The theft and break-in occurred in Red Deer, Rocky Mountain House, Innisfail and Condo.

### Teacher Shortage In Rural Areas

DRUMHELLER, Aug. 29.—Full staff for School Divisions 30 and 33, of this district will number 80 according to a list compiled by Fred Watkin. Mr. Watkin pointed out that teacher shortage is still a major factor and that appointments for rural schools were still in short supply.

Mr. Watkin added that in addition to finding teachers, a major part of the task was entailed in locating them in the various schools throughout the large divisions.

### Gun Club Opens Trap Grounds

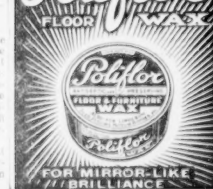

VIKING, Aug. 29.—Viking Gun Club opened the new trap shooting grounds Wednesday afternoon when visiting trap shooters from Edmonton and Bragg with the local members in hitting the clay birds. Refreshments were served in the outdoor ring waiting room. Next shoot is on Sunday, August 28th at 2 p.m.

### Service at Tofield

TOFIELD, Aug. 29.—Tofield service was held at the family residence for the late Frank Hill, 96, who died Aug. 19. Rev. D. K. Alan of Edmonton officiated.

### New Tofield Doctor

TOFIELD, Aug. 29.—Tofield now has two doctors. Dr. J. A. MacKay is practicing in association with Dr. W. H. Freeseburg.

STETTLE, Aug. 29.—Injured when he fell from a moving car in which he expected to go on a fishing trip, A. G. Dickenson, 51, has been unconscious in Stettler hospital for five days.

Mr. Dickenson's condition on Sunday was reported to be serious. The accident happened on Wednesday when Mr. Dickenson attempted to get into the back seat of a car driven by Mel Parels.

Mr. Parels, who was traveling about five miles an hour, was unaware Mr. Dickenson was attempting to get into the machine.

Mr. Dickenson was thrown to the ground. He suffered head injury.

The two men had planned a fishing trip that afternoon.

### 3 Drumheller Families In Farm Contest

DRUMHELLER, Aug. 29.—The Rock Family, of Orkney, the Anderson Family, on Pope Lease and the Mueller Family of Orkney will represent this area in the Master Farm Family Contest being sponsored by the Alberta Department of Agriculture, according to a selection made by a committee of three judges. The announcement of the winners was made from the office of N. F. Bell, district agriculturalist.

The committee making the selection from farming farms in the district were: Roy Hammond, chairman, Mrs. A. De Boer, Miss Anne Puchalek and N. F. Bell.

The committee did not divulge the scores made by any of the contestants. Under the rules of the contest the farms will be reviewed in competition with farm homes from other districts.

Prize is \$1,000 and a suitable trophy. The local committee judges was appointed by the Department of Agriculture.

### Store To Open Camrose Branch

CAMROSE, Aug. 29.—At the beginning of September, the Acme War Surplus Stores will open a branch in Camrose and will be occupying the premises formerly occupied by Petrol's Hat Shop on Main street.

Camrose store is a branch of the store now operating in Edmonton and LARRY requires all business places to close at 6 p.m. except Saturday is to be tested before the courts.

This is the result of Chapman Motors recently instituting a 24-hour service.

The hearing has been set for Oct. 27.

### Rimby Bylaw Will Be Tested

RIMBEY, Aug. 29.—Legality of a Rimby bylaw requiring all business places to close at 6 p.m. except Saturday is to be tested before the courts.

This is the result of Chapman Motors recently instituting a 24-hour service.

The hearing has been set for Oct. 27.

### Service at Tofield

TOFIELD, Aug. 29.—Tofield service was held at the family residence for the late Frank Hill, 96, who died Aug. 19. Rev. D. K. Alan of Edmonton officiated.

### New Tofield Doctor

TOFIELD, Aug. 29.—Tofield now has two doctors. Dr. J. A. MacKay is practicing in association with Dr. W. H. Freeseburg.

### BREEDERS TO DISBAND

OLDS, Aug. 29.—The Olds Artificial Livestock Breeders' association—the only one in Alberta—is disbanded Aug. 21 due to financial difficulties.

It was reported cost of purebred sires and too few cows over a wide area made operating costs too great. The organization serviced 384 breeders for five years.

### Sedgewick Is Building

SEDGEWICK, Aug. 29.—Sedgewick is expanding.

Seven new homes are going up work is progressing on the Canadian Legion hall and the new co-op store will be opened in September.

The village has renovated the skating rink, the Pioneer hotel has been renovated and the town hall has been redecorated.

Killam school division has moved Hill Park school to Sedgewick to provide another classroom.

The post office building, which is being rebuilt by H. Richardson into a residence, has been moved from the main street to make way for a new community hall.

### Mrs. J. Shiels Dies at Didsbury

DIDSBURY, Aug. 29.—Mrs. James Shiels, who died at aged 70 here recently, was one of the old timers of the Didsbury district. She came west with her husband 48 years ago.

She was a past worshipful member of St. Hilda's Chapter, Order of Eastern Star.

Survived by her husband and five sons, George, Horatio, Bruce, Harold and Leslie and three daughters, Mrs. T. R. Pack, Raymond, Mrs. Walter McClellan, Didsbury and Mrs. G. R. Cameron, Rockyford.

Funeral services were held by Rev. J. W. Bainbridge in Knox United church.

### Camrose College Principal Named

CAMROSE, Aug. 29.—The Camrose Lutheran College will open on Sept. 6 with Rev. Knut Bergsagel, Winnipeg, succeeding George Mol, who resigned as principal.

Mr. Bergsagel was a teacher at the college from 1918 to 1924.

Staff for the new term will consist of E. F. Marken, dean of boys and teacher of sciences and music; Mrs. Velma Gough, English; L. S. Olson, business manager and commercial teacher; Mrs. Inanda Home, mathematics; and Miss Elmore Stole, languages.

### WATER MAINS TO BE LAID THIS YEAR

DIDSBURY, Aug. 29.—Material is coming in each week for the water and sewer mains in Didsbury. While the waterworks program will not be completed by freeze-up, it is hoped the reservoir at The Butte will be finished and water mains laid to the centre of the town to provide for fire protection during the winter months.

## Girl Races Into Mine For Help

### Ryley Firemen Make Eight Mile Trip To Fight Garage Blaze

RYLEY, Aug. 29.—Lighting her way with a flashlight, Mary Kinnunen raced a third of a mile into the Ryley coal mine to summon help to fight a fire which destroyed a mine garage, a car, tools and machinery with loss of \$3,000.

Miners formed a bucket brigade and Chief D. pendiksen and Mayor Korich answered a telephone alarm with the Ryley fire department.

The mine, operated by Henry Rudyk and Mike Zaharchuk, is eight miles from Ryley.

The firemen confined their work to saving other buildings which were threatened when a barrel of gasoline exploded.

### Ryley Pioneer, Mrs. Oslund Dies

RYLEY, Aug. 29.—Mrs. Johanna Oslund, 87, resident of Ryley for 47 years, died at the home of her daughter, Mrs. Ole Branes.

Mr. and Mrs. Oslund, homesteaded four miles north east of Ryley in 1902.

Mrs. Oslund is survived by two daughters, Mrs. Ole Branes, and Mrs. Eval Matheson, of Evesford, Alta. Three sons, Gust of Ryley, Joseph of Tofield, and Alfredd of Whitecourt, Sask.

Service were held from Bethel Lutheran church with Rev. Sterling Johnson officiating.

### Rimby Society Elects Officers

RIMBEY, Aug. 29.—At annual meeting of the Rimby Agricultural Society, president J. W. Connelly, and the secretary, C. W. Jackson resigned.

The following officers were elected: president, William Mickey; vice-president, Geo. Grindy; secretary, Frank Barry, Executive, J. Cummins, R. Cole, A. Craig, J. Fields, R. Hayden, E. Olsen and H. C. Walker. The secretary reported a profit of \$1300 for the 'nat year'.

### 'NERVES' She Called It

Losing interest in friends—the never want and more—always too tired—these are the things that she called it. "Nerves" she called it. But it was her kidneys—the filter in the blood—that needed attention. She used Dodd's Kidney Pills at last. The improved action of her kidneys helped to clear away blood impurities and excess acids, fatigue, headache, backache, lack of energy disappeared. Dodd's Kidney Pills contain essential oils and medicines—ingredients that act directly upon the kidneys—and help restore their normal action.

## Bombers Surprise Riders In Opener

WINNIPEG, Aug. 29.—(CP)—Winnipeg Blue Bombers successfully opened their 1949 regular football season here Saturday night by defeating Saskatchewan Roughriders 13-8 in a Western Interprovincial game before more than 8,500 fans. Victory was worth only one point to Bombers—result of an unbalanced schedule.

Playing under floodlights at Osborne Stadium, Bombers held the lead at the end of each quarter and were only behind once in the whole bitterly-fought contest, early in the third quarter. They led 6-0 at the end of the first quarter; 6-4 at half-time and 13-8 at the three-quarter mark. There was no scoring in the final quarter.

**RAE ENRIGHT PLANS ATTEND NORTH DAKOTA**

Rae Enright, prominent Edmonton junior athlete plans to leave next week to enroll at University of North Dakota.

Enright came up through the Edmonton Athletic Club ranks, playing baseball and football with the Clubmen. He attended spring training with the Esk gridders this spring and was tagged by coach Annis Stukus as one of the outstanding local backfielders in the camp.

Son of Jimmy Enright, former baseball football star, Rae will enter North Dakota on an athletic scholarship.

## U.S. Keeps Davis Cup

FOREST HILLS, N.Y., Aug. 29.—(AP)—Extinction, quick and painless, came yesterday to Australia's Davis-Cuppers for the fourth straight time, with Ted Schroeder's razor-like racket the lethal weapon.

The volatile United States are played some of the finest tennis of a brilliant career as he overwhelmed Frank Sedgman, 21-year-old Australian champion, 6-4, 6-3, in the deciding match of the Davis Cup challenge round. His victory, achieved in only one hour and five minutes before 15,000 in the sunbaked stadium, gave the United States the third victory needed to retain the big international trophy and stilled Aussie hopes, which had been high after their triumph in Saturday's thrilling consolation contest.

It also turned into a tame anti-climax the closing match, in which Pancho Gonzalez, another former winner from California, defeated Billy Sidwell, one of the doubles by scores of 6-1, 6-3, 6-4, to make the final count 4-1 for the United States.

**RIDERS AHEAD**

Riders threatened in the second quarter when Charlton intercepted a pass and raced to the end zone. But Bombers held until Riders were forced to kick. Saskatchewan club finally hit the score sheet when Belton's attempt at a field goal was good for a single Charlton's 50-yard kick to the end zone, ahead of their second point before the half ended.

Riders, decked out in new green and white uniforms, took over the lead for the first and only time during the night, when Belton converted two passes to Early to put the ball on the Bombers three-yard line. Belton planned for two tries for a major score. Natanson's kick to the end zone, ahead of their second point before the half ended.

The week-kick, 14-17, kills by making plays speed their way out the line into the heart of the Will Tremblay, who was just about on the goal line when he was downed by Chuck Anderson and a swarm of Alouette players.

When they were untangled the offense ruled Tremblay's was out the line about six inches. Riders simply true the ball on the remaining two line plays and it was all over.

At the teams started from the field, Anderson, the big Negro out-

## LAST MINUTE KICK FAILS

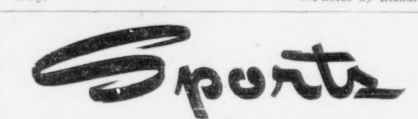

## Ottawa Takes Opener With Narrow 7-6 Win

MONTREAL, Aug. 29.—(CP)—Ottawa Rough Riders opened the local Big Four football schedule Saturday with a 7-6 victory over Montreal Alouettes in a bitterly fought game before a paid attendance of 14,000.

Single point that separated the teams came from a blocked kick that opened the scoring in the third quarter. Alouettes went in front with a converted touchdown in the fourth quarter and the Riders duplicated the trick in the fourth.

Fighting desperately with only a few plays left, Alouettes cut within field goal distance and

**SNARING FORWARD** passes will keep Harry Bunting occupied in an end position with Eskimos. Former Toronto Balmy Beach star teams with Jim Macrae as Edmonton starting ends against Calgary Stampede Labor Day.

6 EDMONTON BULLETIN, Monday, Aug. 29, 1949

## IN FIRST THREE GAMES

## Stuke Advises Bet on Eskimos

If you have a huck which isn't working, Annis Stukus advises a snappy wager on his Eskimos to win two of their first three Western Conference football games.

The wisecracks, some of whom select Calgary Stampede to whip Edmonton by 18 points here next Monday, will say coach Stukus is talking through the blubber on his Eskimo park.

Maybe. But after hearing reports on Calgary, Saskatchewan Roughriders, and Winnipeg Blue Bombers from scouts Earl Eisey and Bill Radovich, Stukus figures his club to win 60 per cent of its first three games.

## Big Tournay Scheduled For Lacombe

LACOMBE, Aug. 29.—Alberta's biggest football tournament will be held here next June, according to an announcement made by Jack Ferris at the week-end.

Ferris, chairman of the tournament, said that the \$3750 show would be staged June 20-21, 1950. Plan calls for 10 teams to compete, four from each of Alberta, Saskatchewan, and British Columbia, and four from the United States. Construction of two new stadiums and bleachers has already commenced. It is hoped that 10,000 people will be able to secure the accommodation in the bleachers, and Ferris indicated that the committee is expecting a crowd of 20,000 to attend the two-day attraction.

Any baseball team desiring further information is advised to write tournament secretary Lou McCreck at Lacombe.

## City Horseshoe Meet Concludes

City horseshoe championships were decided at the week-end as follows: City doubles, Cleave and Claude Foulds; def. Ernie Tapich and Harry Calhoun, 30-11, 20-10 singles. Tapich def. Cleave 30-12.

City foursome doubles, Jack Kinney and Cleave Foulds def. Johnny Young and Bob Goulet, 30-20, play group singles Kinney def. Cleave Foulds, 30-27.

Quickerback-Bill Stukus; halfbacks—Eisey, Chuck Fenebaugh, Harry Hobbs, Don Simon, Pete Loughheed, Brian Dunworth, fullbacks—Andy Marefos, Doug Swail, Pat West; flying wings—Frank Stukus, Harry Irving, Steve Mondry.

## Martells Retain Eaton Trophy

Last defence locally of the season, the Martells yesterday when they retained Eaton Trophy at Bill Gostick and Walter Ewenson Sr. went down to defeat 4 and 2 Martells next outing will be at Red Bank, Ontario, where they will meet the southern zone winners Sept. 11 for the Eaton Cup.

The federal government's contribution alone to old age pensions increased last year 31 million dollars a month.

# Cubs Make Sure 1st Place Esks Grow Fat on Purity

Arnie Fernandez, slim Calgary Purity, righthander, took time off from shutting out Esks 3-0 at Renfrew park Saturday night long enough to stop in the front of the press box and answer a question.

"Where do I get all the good stuff? Why, in the bull-pen, of course," he said. "Purity moundsman said with a grin."

It is a fact that Fernandez has spent much of the summer in the role of relief hurler. Nevertheless, this didn't prevent him from taking on a starting chore on this occasion, whereupon he turned in one of the best pitching jobs of the Big Four league campaign.

Fernandez, who showed Esks his best stuff of the year and a sharp-breaking curve, rationed manager Ralph Maraziti's crew to three hits. He was in a jam in the first inning when Esks left three runners stranded.

Otherwise he had almost no trouble.

By Price, Esks' second-sacker, opened the sixth inning by hitting a double down the line to the corner in right field. He went to third as Ted Tappe grounded out, got no farther when Fernandez made Dave Brodie and Eddie Morris fly out in succession.

That was Esks' lone scoring threat after the first frame.

**PURITIES COULDN'T WAIT**

In the meantime Purities, on hits by Neil Kelly and Jack Mills, along with a sharp-breaking curve, ratted Esks off at third base by Bill Georgette, got away with a hit and a run. Kelly, however, was out on a fly to the outfield.

They added their third in the ninth. By this time Ed (Lefty) Belton was doing the bowing for Esks. Big Ernie Choukalis singled with one away, stole second and scored on Woody Huckabay's smash to centre.

It was just as well for the place of mind of Purities supporters that Fernandez happened to have this good one up his sleeve. Otherwise the Calgarys might just as well have stayed put at home.

Esks trimmed them Saturday afternoon 7-1, added another pair of victories yesterday, 5-3 and 4-2.

It made four wins for the locals in the five games that constituted the weekend series.

Nevertheless Esks' swift gain in the fifth inning was a surprise. Esks' swift gain in the fifth inning was a surprise. Esks' swift gain in the fifth inning was a surprise.

**READING BASEBALL** news has been pleasant pastime this season for Esks' sponsor Frank Wolfe, left, and L. A. (Lefty) Grove, general manager of team. Cubs clinched first place in Big Four league race by twice knocking off Calgary Buffs yesterday.

CALGARY, Aug. 29.—Edmonton Cubs, a team that couldn't get out of its own way in the 1947 and 1948 seasons, clinched first place in the current Big Four league race by whipping Calgary Buffaloes in two games here yesterday, 18-1 and 12-1.

Result was a clean sweep for the northwesterners of the four game weekend series. Cubs swept Buffs aside Friday 8-4, repeated Saturday night by 18-1.

In all the Edmonton squad, paced by the league's leading hitter, second-sacker Big Four Base, overcame a slow start to what passes for Buff pitching for a total of 32 runs in the four games.

Clarkson all but made certain of the home run crown to go with pretty nearly all the other offensive laurels he has garnered over his career. The righthander from Rocky Mountain House, who has been in a slump for a month, emerged suddenly as he belted Buffs to nine hits and coasted to a 14-3 win.

**ROBERTSHAW GETS FOUR**

Catcher Harry Robertshaw came up with four hits in a five trip to plate to lead the Cub team on Buff hurlers John Scott and Jack O'Neill. As well he drove home four runs.

Yesterday afternoon Cubs took after righthander Brian Gibson right from the start and finally drove him to the end of his seventh inning. In the meantime Vern Callahan continued his steady pitching for the Edmonton team to turn in his 12th win of the campaign. In winning 18-1 Cubs scored in every inning but the fourth and ninth.

By way of bidding Buffs farewell for the season Cubs belted Lloyd Bradley all over Buff Stadium last night when the Buff manager, assured the pitching chores against them.

In addition to his pair of home-run drives the peppery Clarkson came through with a fly-off while Ryan, Slim Clavin and Edwards also socked homers for the heavy hitting Cub team.

**JUST CAN'T WIN**

Sunday's defeats brought to 23 the number Buffs have suffered in their last 26 games since a shake-out after a year resulted in the dismissal of manager Jim Gibson, catcher Mori and pitchers Tony Mace and Stetson Garret.

Their dismal showing has resulted in attendance falling off noticeably when they play, both here and at Edmonton.

Cubs returned to Edmonton late yesterday.

The Esks, in a two-game Tuesday-Wednesday series as the curtain drops on the regular schedule. After this they face a lay-off while Esks tackle Calgary Purities in the final playoff round.

That's talk that Cub may bring in a team from Saskatchewan for an exhibition series at this time, idea being to keep from getting too rusty while Esks battle Purities.

Moore Jay Canucks, for whom ex-major league Mort Cooper has been a mentor in the discussions of a possible opponent.

# STAN Moore ON SPORT

## The Crying Towel — Calgary Style

You gotta hand it to Tom (Calgary Albertan) Moore when it comes to digging up the silver lining for Calgary athletic aggregations, even when he has to go pretty deep before he strikes silver.

Following the grid Stampeders' anything-but-champion-like opening against Montreal Alouettes the other night Thomas hit for the crying room and came out with this prize observation:

"Strictly underdogs in their first test of the 1949 grid campaign, the Calgary gang came through like what they were—champions."

Can you imagine real champions at anything settling for the short-end, as Stamps did against Lew Hayman's Alouettes? Tub-thumper Moore alibis about the shorter-than-regulation field, effects of a cross-country airplane trip and other factors.

It's really so much wasted effort.

Fact of the matter is that Stamps, regarded in some eastern quarters as cheese champions because Ottawa Rough Riders supposedly were miles below form in the Gray cup final, began the 1949 campaign after the fashion of duds.

And as though to rub it in, those same Rough Riders went into Montreal yesterday and knocked off Alouettes. What do you say to that, Mr. Moore?

## The Cowtown Knows Drab Days

In a way it'll be too bad if Les Lear can't get Stamps firmly back into the glory road again.

Other than Keith Spaith, Pete Thodos, Woody Strode and more of their grid mates, Calgarians don't have many athletic heroes to root for these times.

Stampeders hockey club that won the Allan cup in 1946 is a worn out machine, by the time.

Western Canada and Alberta golf opens will be played at Mayfair here next week-end. There won't be a Calgarian finishing in the first 10. This is a promise.

Latest provincial tennis rankings show Edmonton's Johnny Stott in—you guessed it—the No. 1 slot.

It's the same with the thoroughbred.

In a season that has seen such Edmonton-owned hay-burners as Air Cadet, Fair Author (Alberta derby winner), Roi Harar, Francis Mistake and their like hog the prairie spotlight, poor old Calgary has had to fall back on a two-year-old—Austin Yates—for a few fleeting moments of glory.

Austin Yates won the Birdcatcher stakes the other day over Victoria Park race-course.

At Victoria Park you only see part of each race. The infield is so cluttered up with corrals, broken-down chuck wagons, bleached buffalo bones and more relics of the wild west that the action on the backstretch is blotted out.

## To Top It All Off, the Buffs

Maybe we've stuck the needle in far enough. And yet how can the Big Four Baseball league standing be ignored when it comes to emphasizing how far down the ladder Calgary has slipped as a producer of winning teams and athletes?

Puritans and Buffs are running three and four in the four-team loop as the schedule comes to a finish.

How could they be worse off and still be 'in the league'?

To repeat: poor old Calgary.

It's just as well, therefore, that King Lear and his imported cast of footballers seemingly have a chance to win the odd game here and there along the Western Inter-provincial Football Union trip.

Otherwise the last of the lights along Calgary's narrow Centre street might as well be doused.

It makes you wonder whatever became of the glories the Cowtown knew in the days of baseballers 'Dodger' Lewis and the late Archie McTeer, hockeyists Mervyn (Red) Duvy and the late Jimmy Fox and the Duke of York, tennis stars Marj Collinge, Bill Stark and so on down the line?

On second thought possibly we shouldn't have gone after sports-editor Moore because he dug up those alibis for the Stamps.

After all, what else can he be expected to do?

## Purcell 'Cleans Up' In Glenora Tennis

Andy (Shorts) Purcell, one-time city men's singles king, is pretty much a once-in-while tennis player these times.

Nevertheless he contrived to 'clean up' as the Glenora tennis club championships concluded at the weekend.

At the finish the Purcell clean sweep triumphed in the men's singles final, 6-3, 6-2. He also won the men's doubles (partnered by Tudor Edmunds) and mixed doubles (with wife Esther, with his partner's competitors).

Purcell knocked off Clare Amies 6-2, 6-0, 6-1 in the men's singles final. At the scores indicate he won this one in no more than a high gallop.

Purcell - Edmunds (mixed) doubles title went to Purcell's old ally by virtue of a 6-5, 6-3 conquest of Edmunds-Pai Darling in the windup.

Sharing the spotlight with Purcell were a couple of youngsters, Joan Tweed and Frank Oliver.

Miss Tweed won the ladies' singles crown in a bitterly fought three-set final with Helen Lily. Score was 5-6, 6-1, 6-4.

Oliver, whose father, the late John Oliver, was an outstanding tennis player hereabouts, turned back Goldstein 6-3, 6-1 in the final of the junior men's singles.

Later, Purcell's 11-5, won the ladies doubles by a 6-2, 6-1 victory over Misses Jocelyn Simpson-Pai Darling.

Grid Officials

Go to School

Reg (Pepp) Alton, chief Edmonton football referee, will open a school for prospective line officials tonight. Included will be a study of 1949 rule changes in the Western Conference. Among those enrolling in the school will be Steve Giamber, Paul Kirk and Jim Peyer.

**OLD COLLEGE** try is one reason New York Yankees are still leading American league. Yanks won twice from Chicago White Sox yesterday to increase lead to three games over Boston. Yanks' Hank Bauer was forced at second on short play by Case Michaels who relayed to first base for double play in recent game between teams. Umpire Red Jones calls play while shortstop Luke Appling backs out of way.

## Legion Five Goals Down In Soccer Final

CALGARY, Aug. 29—(CP)—Calgary Callies virtually clinched the Alberta Football association championship here Saturday by trouncing Edmonton North Side Legion 5-0 in the typical game of a two-game, total-goal series.

Final game of the series scheduled at Edmonton next Saturday.

About 1,600 fans watched the Calgary eleven score their one-sided victory. Callies dominated play throughout and never allowed Edmonton an opportunity to control play. Victory was a measure of revenge for Callies, who were eliminated from the dominion soccer play-downs by the same Edmonton club in a sudden-death fixture earlier this year.

Latif sent Callies ahead 1-0 after 15 minutes of play and Marston added the second shortly after the start of the second half. Daning, M. Kerr and Johnson got the others before the second half ended.

## GRACIE DE MOSS WINS LADIES GOLF TITLE

VANCOUVER, Aug. 29—(CP)—Canadian Ladies' Open golf championship is back in the United States after a thrilling all-American final at Capilano Golf course yesterday.

Gracie DeMoss, 21-year-old co-ed from Corvallis, Ore., won the Duchess of Connaught gold cup on the 35th green Saturday as she defeated Mrs. Marian Herron, Portland, Ore., 2 and 1.

It was a hard one to lose for Mrs. Herron, 35-year-old mother of three and six times winner of the Pacific Northwest title.

## Leafs and EAC Enter Junior Grid Picture

Two junior football teams will be organized in Edmonton this fall after all.

Formation of two clubs became a certainty yesterday when the Maple Leaf Athletic club agreed to accept the financial assistance offered by the Eskimos. Edmonton Athletic club president E. J. Williamson said last week that his organization would operate regardless of whether a junior league was set up or not.

Leafs and EAC will each receive \$500 plus coaching assistance from the Eaks. Leaf South Side and Canadians decided to enter the junior grid picture. The Eskimos were prepared to split \$1,000 between the four teams.

SEARIGHT TO COACH

Frank Arnold, member of the Leaf executive, announced last night that Jerry Searight would coach the bluebirds. Searight, currently involved in a contract dispute with Eskimos, announced that the first Leaf practice will be held at Clarke Stadium tomorrow night at 6:30. All boys under 21 years are invited to attend.

EAC's are expecting to secure Chuck Fendrich, American coach, to direct their coaching staff. First EAC game is tentatively scheduled for Wednesday night at the stadium.

HEY, MORTONS, ROYALS NEXT?

SASKATOON, Aug. 29—(CP)—Saskatoon Royals' three-year reign over Saskatchewan senior ladies softball ended abruptly here Saturday.

Mortons, southern provincial champions, scored two decisive 4-0 and 1-0 shutouts on Royals' home grounds to advance to interprovincial women's playoffs.

Royals now meet the winner of an Alberta-British Columbia series between Edmonton Mortons and the defending western champions, Vancouver Pacifics.

Notions, The Bay

**BAY ESCALATORS MAKE YOUR SHOPPING EASIER**

**LEATHER LUNGERS** Adeline Klodie, left, and Margaret Kowal vie for position in balloon-busting competition at the UPWA picnic at Victoria Park Sunday. Margaret's went pop first with Adeline's making it a close second.

## Packinghouse Workers Stage Big Outing

At Christmas time there's Santa Claus, and in summertime there's the annual picnic with its loads of free treats.

Yesterday nearly 1,000 United Packinghouse Workers took their families to friendly Victoria Park picnic grounds on the bank of the North Saskatchewan River for their annual picnic and funfest.

The union members are employed in three of Edmonton's largest packing plants, Burns, Canada Packers and Swifts.

For the older folks it is an opportunity to relax on the green lawn and renew acquaintances.

The real celebration was for the hundreds of "small fry" who revelled in dozens and dozens of Newell's frank gallons of pop to wash down endless hot dogs and topped all with dozens of Dixie Cups of ice cream to the point where they started to take on the same rotund proportions.

**SKY IS LIMIT**

Best part for the youngsters was the fact that it was all to be had for the asking. There was no limitation to what the week's "two-bit" allowance would buy.

Then for any lull in the hot-dog, pop, ice cream routine there was the frequent mad scramble for the shower of peanuts or balloons.

Lost dignity of the fat man wheezing over the finish line in his own special race vied for interest with the night-bursting blood vessels in the faces and necks of men and women straining for victory in the balloon bursting competition.

Counting freckles could have proved an onerous task for someone on the judges committee but for the fact that freckles of one aspiring entrant as out-freckled the freckles of the competitors that distributing the prize presented no problem.

Encouraged by the cheers of their fellow employees, teams from each of the three plants battled for supremacy on the soft ball field.

The Burns crew established its supremacy over the Swift squad by a sufficient but not substantial margin but in the second game Canada Packers won.

## Polio Total Hits At 34

A 14-year-old boy from Carleton Place in Southern Alberta is the latest polio victim, according to the provincial health authorities.

Report of the latest case brings the province's polio total to 34 for the year. One death has occurred.

**SWING SON!** Warmup for his game at UPWA picnic, Armand Barrowcliff tosses a few tips to batter, two-year-old son, Eugene, Armand played on Burns team.

## July Coal Output Drops 116,799 Tons

Alberta's declining coal production took another tumble during July, with all mines in Alberta reporting a 116,799 ton total decrease.

Output during July, 1948 was 507,039 tons. This year the various bituminous and sub-bituminous fields had an output of 430,240 tons.

But Alberta's total production for the year to date is still slightly above last year's output for the same period. Up to July 31, 1948 provincial mines had a total output of 4,028,598 tons and this year, during the same period total production was 4,440,723 tons.

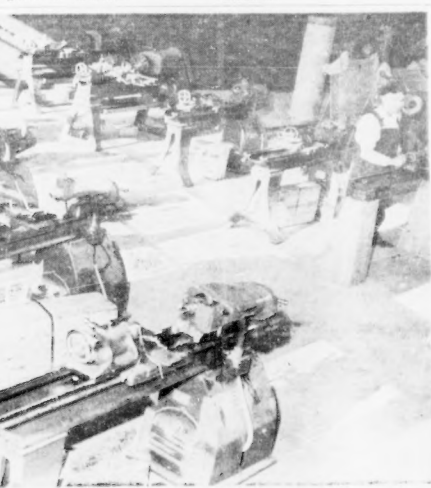

Increases in production during July, 1949 as compared to the same month in 1948 were reported from Crow's Nest, Lethbridge and Camrose mines.

Decreases were reported from all other mines including Nordegg where output slipped from 21,514 tons to 22,969 tons and Mountain Park where the decrease was nearly 50,000 tons.

At Drumheller production dropped from 101,575 tons to 61,928 tons.

The Suer Canal is 103 miles long, including four miles of approach channels.

The resolution recommended to the council that the CCF undertake immediately a three-year program of organization and education, the first step of which is the launching of a financial campaign to raise a minimum of \$150,000 during the next year, and the appointment of a full-time national treasurer to organize the campaign.

**MACHINE SHOPS** in new Victoria Composite High School building are equipped with most modern devices. K. E. Kirkwood, sheet metal department instructor, adjusts a sheet in sheet metal, electrical engineering, auto mechanics, woodworking, hot metal and machining.

## Eaton's Plan Addition To City Store

Third Storey Will Be Added; Increase Of 54,000 Sq. Feet

To keep pace with the rapid growth of Edmonton, officials of The T. Eaton Co. Ltd. announced today that a third storey will be added to their store here.

The present store is a two-storey building and basement, modern in design, 330 feet long and 175 feet wide, affording selling space of 162,000 square feet.

With the addition of a third storey the floor space, 540,000 sq. ft. created by 54,000 square feet. The extra space will be used to expand departments in order to provide for better displays, wider ranges of merchandise and improved shopping facilities for customers.

**NEW FASHION FLOOR**

This second floor, which now accommodates garments and house furnishings, will be converted into a fashion floor, emphasizing garments and fabrics, while the third floor will be devoted entirely to house furnishings.

To meet growing public needs the general offices, budget plan office and contract office will all share in the enlarged space.

Tyndall stone, black granite and aluminum with double glass windows will be used in the addition, which in general will correspond with the construction and appearance of the existing structure.

**VENTILATION SYSTEM**

Special attention will be given to a modern ventilation system. The main floor is already served in this regard, and in the course of construction the system will be extended to cover both the second and third floors.

The contract has been let to Christensen and Macdonald, general contractors of Edmonton.

Work will commence as soon as materials are available.

**Fewer Millionaires**

LONDON, Aug. 28. — (Reuters).—Britain now has two fewer millionaires—defined by the income tax collection as men who earn more than £100,000 (\$400,000) a year. Last year there were 56. Now there are 54.

## City's Newest High School One of Finest in Canada

By JACK DeLONG

Bulletin Staff Reporter

It's a long way from the little red school house of granddaddy to Edmonton's modern Victoria composite high school that opens next Thursday.

"Alberta's finest high school," is how proud city school officials term the spick-and-span new \$2,000,000 structure near 101st and 107th avenues.

Supervisor of schools Ross H. Sheppard is even more enthusiastic.

"Probably Canada's finest school," he says.

Approximately 24 classrooms with technical training shop series will open Thursday.

Still under construction and not scheduled to open until next September are the new gymnasium, cafeteria, auditorium seating 804 persons, swimming pool and rifle range.

The new school building will accommodate about 800 pupils while Victoria High school, adjacent to the new structure, will take care of educational requirements of 200 to 400 more students.

New school will house staff and

**INJURED BY BURNS** to arms and face is Carl Johnson, 42, proprietor of Seena Tire Service, 10350-81 avenue. Saturday gasoline flash fire gutted interior of his shop, causing \$2,000 damage. First aid workers in nearby Prudham Construction Company bandaged burns. Later he was given treatment at hospital.

## City Man Wins Post With U.S. University

A young Edmontonian has been added to the faculty of Willamette University at Salem, Ore.

Dr. J. Charles Nichol, a graduate of the University of Alberta, was recently appointed instructor in chemistry at the American university.

Nichol received his doctor's degree from the University of Wisconsin in 1948. He graduated from U. of A. with his master's degree in 1945.

During the war, Dr. Nichol was connected with the Canadian chemical warfare department.

At Willamette he will teach both physical and general chemistry.

A year ago last month, Dr. Nichol was married here to the former Eleanor A. Wournell, daughter of Mr. and Mrs. A. A. Wournell, 10701-University avenue.

Alberta's swelling population was boosted by a 2,000 increase in the number of children here during August, as compared to the previous month.

Family allowance regional director H. C. L. Gillman, Edmonton, reported that the number of children receiving allowances in Alberta increased to the all-time high of 24,000 during August. This is 2,000 more than the number receiving government cheques last month.

Total of \$1,650,000 was paid during August in family allowances in the province.

Students formerly attending McDougall Commercial High and Edmonton Technical school.

Technical shops will be as modern as can be found on the continent, with \$50,000 worth of new machinery for instructional purposes.

Trades taught will include sheet metal work, electrical, auto mechanics, woodworking, hot metal and machine work.

Airplane engine instruction will be given in the auto mechanics section.

Eight new lathes and gear cutting and milling machines are included in the ultra-modern machine shops.

Swimming pool and cafeteria are two new features for an Edmonton high school.

Superintendent Sheppard is particularly proud, however, of the new library which will be under supervision of a full-time librarian.

There will also be a book-repair shop in conjunction with the library.

A bicycle ramp, in "garage" 430 bicycles, is another deluxe feature of the new school.

The building itself is of steel, brick and stone with outer walls of handsome gray stone.

Interiors of corridors and class rooms are decorated in shades best calculated to prevent eye-strain and incite cheerfulness in students and teachers.

Another feature is the new spray type wash fountains, where six or seven students may wash their hands at one time in water that is always fresh.

Basement has ample locker space for clothing of students and there is a large staff room directly beneath the library.

All classroom equipment, such as desks, are fully modern and brand new.

Some like of the inflation of costs in recent years can be obtained by the fact old Victoria High school was built in 1913 for \$160,000 on an insured value today of \$300,000.

All students attending Victoria will have spent almost to the fine new \$1,650,000. Superintendent Sheppard said.

Location of site, location of view, location of parking, any possible of students being permanently housed in the old building.

## Big Drive For Safety Now Open

Civic Leaders Aim For Accident Cut

Edmonton's week of awakening starts today.

Every citizen—pedestrian, cyclist or motorist—is asked by Mayor Harry D. Ainlay to dig in and help.

To do what?

To awaken in the city a keen appreciation for traffic safety, and thereby slash the brutal toll of death and destruction which has been steadily increasing while Edmontonians disregard traffic regulations.

Special events every day this week will call attention to better driving and pedestrian habits.

Spotlight feature is the "Mr. X" contest, with its \$50 prize for the most observant Edmontonian.

Every day a road-bonding, regulation-breaking, and even uttering stupid motorists will pilot an automobile on city streets. He will specialize in smashing all the rules of safe and sane driving, and make a bitter mockery of the traffic safety laws—just as many of his contemporaries do every day of every week.

Everyone is asked to be on the lookout for this menace to life and limb. You are asked to report every violation of traffic regulations to Edmonton Safety Council, phone 25502, between 9 a.m. and 9 p.m.

**WIN \$50**

And the first citizen to report the notorious Mr. X in the Safety Council, giving the license number of his car, the time and place where he was seen to break the traffic laws, together with exact nature of the infraction, will be \$50 richer.

In order to assure control of that \$50, and also to brush up on your knowledge of traffic safety, report every infraction you see during the week.

Among things to watch for are these:

1. Failure to make complete stop at stop signs.

2. Coming to stop on pedestrian crosswalk.

3. Failure to grant pedestrians right-of-way on crosswalks. (Didn't you know that? Didn't you take your driver's license? Didn't you get it? Didn't you? Didn't you?)

4. Failure to signal turns.

5. Leaving parking space without signaling.

Keep your eye peeled for these—this may win the \$50.

Down town street intersections have been specially marked by the city engineer's department to induce motorists to observe proper traffic lane practice.

**SPECIAL SQUADS**

A special police cruiser car will be on the streets this week, equipped with loud speaker to instruct motorists in the suitability of safe driving habits.

A special portable loudspeaker manned by a pedestrian policeman will concentrate on braking up pedestrians' corner-crossing habits.

Special squads of pedestrian traffic professors will hand out safety cards at designated corners in the downtown area during rush hours.

Be sure to keep your card, because the lucky number on it may be worth \$50 to you. Someone will collect that amount for holding his card.

Saturday afternoon, downtown Jasper avenue will be closed with a grand climax to Traffic Safety Week. It will draw home to every Edmontonian the need for making every week a safety week.

As Mayor Ainlay and Saturday in continuing the week's theme, the lessons and pointers being illustrated this week can serve as a guide for all.

Full cooperation of citizens during this week can make every week of safety.

Do you drive within the law?

## Civil Servants Give \$245,000 To Charities

Provincial government employees contributed \$245,000 to charity and welfare work in Alberta between April, 1948, and March, 1949, the Civil Service Association announced today.

More than \$30,000 was subscribed last year.

The fund is maintained by monthly deductions, ranging from 20 cents to \$1 which are made from employees' salaries.

Originated in 1941, the fund is administered by a committee of six headed by Premier E. C. Manning.

**MANY BENEFICIARIES**

Since its inception the fund has provided contributions of \$139,000 to the Red Cross, \$48,000 to community chests in Alberta, and \$20,000 to youth organizations as the Boy Scouts, Girl Guides, Institute for the Blind, Navy League of Canada and the St. John Ambulance.

About \$27,000 was subscribed in post-war appeal funds, and recently a portion of the fund was set aside to assist needy provincial civil servants, both active and retired.

**Medical Service Payments To Rise in B.C.**

VANCOUVER, Aug. 28. — (CP).—Premier Byron Johnson told B.C. citizens yesterday they'd have to pay in 1950 more for compulsory provincial medical services.

British Columbians will pay \$21 for a single person instead of the old rate of \$18, while married couples with dependents will pay \$23 as compared with \$21.

Mr. B.C. will have to dig into his pocket for the hounded payment in October, Saskatchewan is the only other province with a similar scheme.

Premier Johnson said the new medical plan hasn't been paying the way and the government needs the money quickly.

**KEEPING PACE** with Edmonton's phenomenal growth, T. Eaton Co. Ltd. has announced addition of full-sized third storey to company's 101 street Edmonton store. General contract has been let to Edmonton firm of Christensen and Macdonald and work will commence as soon as materials are available. New storey of Tyndall stone, black granite and aluminum, will add 54,000

square feet to existing premises. Third floor will be devoted entirely to home furnishings with general offices, budget plan offices and contract office also sharing increased space. Special attention will be given modern ventilation. This is artist's conception of how enlarged store will appear

## SHOPPING GUIDE

### Fresh, Juicy Figs To Be Available

By Bea Thrifty

I've always wanted to sit on a fine satin cushion and munch fresh, plump, juicy figs.

Now I've lost the taste for the satin cushion but not for the figs. And my prospects are looking up.

Fine friend of the wholesale importing business tells me we'll have fresh, plump figs just as juicy as those hand-picked from your backyard tree. The secret is a new packaging process which keeps the delectable fruit soft and fresh.

They'll be selling in 25c and 50c packages, the brown and the black types. Table figs will sell in a slightly smaller package for a slightly larger fee.

Speaking of packaging, and I suppose we were, the newly pack-

ed, graded rice, will be on the shelves this week. Some arrives for late today retail selling. More will appear at the latter part of the week.

In case you've managed to slip past any new gems about this packaged rice here is the lowdown on same.

For simply ages, skeptical homemakers have been complaining about the completely unsanitary way rice is handled and sold in bulk. And, the invariably added, it's not a bit uniform in size or color.

All that is of the past. The packaged rice is thoroughly cleaned, checked and graded for size and color. It will no longer be necessary to give that rice a ten-minute washing before cooking. Fluffy rice you love to serve will be an easier trick than ever.

The packages will sell at prices around the 40c mark for a two-pound effort of the very best rice. Two pounds gives an awfully long way.

With basket-weave effects coming into a higher rung on the ladder of fashion success, needle-nifty gals look to the fishbones, cords and straws for hat, bag and glove potentialities.

I spotted some pretty cord earrings in a wide variety of colors, some silver-plated, some shiny with plastic treatment, some completely metallic gold or silver.

The plain sells at 40c and 60c for a fabulous parade and can be whipped into a hat 'n' bag set that'll charm any tea-time board of critics. The silver-plated set at 80c and the metallic all silver or gold goes to the buyer at \$1 per package.

Narrow ribbons can be used to a decided advantage in crocheting accessories and ribbon wags so easily and so quickly. I think I'll just settle myself down and whip up a forest green ribbon belt. Why don't you try the same...?

## Household Arts

**7098**

**Alice Brooks**

Have a new rug for little cost! Escape of fabric or rug wool on burlap foundation is all you need. Can be rectangle or oval, any size. Hooked, rug—easy handcraft. Pattern 7098: transfer of motif 15x20 1/2 inches, directions.

Send twenty-five cents in coins for this pattern (stamps cannot be accepted) to Edmonton Bulletin, Household Arts Dept., 60 Front Street W., Toronto 1A, Ontario. Please allow a week or ten days for delivery.

## DOROTHY DIX SAYS

### Congentiality Makes Marriage A Success

DEAR MISS DIX: I have become attached to a certain young lady, who has good looks, wonderful disposition, charm and fine sincerity of character.

## BRIDGE

### Play on First Lead Important for Game

By WILLIAM E. MCKENNEY

I was pleased the other day when I received a check for \$500 from the Women's Contract Club of Indianapolis, Ind. Mrs. Grace C. Bushman, president of the club, wrote that it had taken them some time to accumulate this fund, and now they were happy to pass it on to War Orphans Scholarships, Inc.

She is frugal, interested in housekeeping, loves children and would no doubt make a good wife and mother. But I am a college man, a professional man, interested in and fond of discussing intellectual subjects.

This girl has little education, makes many mistakes in writing and is not the least interested in anything intellectual. I have subscribed to magazines for her and she claims to read them, but she hasn't the faculty of understanding things intelligently and is deficient in original ideas.

Would I make a mistake to marry a girl of her type? She says, "Well, she has 80 per cent of all the qualifications for making a good wife. Better take 85 per cent than to look unsuccessfully for a 95 per cent type."

Answer: You have your ratio wrong. Robert, a dumb woman has only 10 per cent of the qualifications that go to make a good wife for an intellectual man and she lacks the 80 per cent of essential ones.

It is suicide for an intellectual man to marry a dull and stupid woman. Just as soon as her physical attraction for him has dulled, she bores him to death. They have no real interests in common and they never achieve any companionship because she does not know what he is talking about half the time.

There is no loneliness greater than that of the man who spends his lives close together in body, but miles apart spiritually. Don't bring that desolate fate upon you. Be sure you are sure if you marry a woman who is not in your mental class.

The thing that makes marriage a success is congeniality. No firebrand is ever dull if the husband and wife think the same thoughts, read the same books, are interested in the same things.

But thousands of men roam away from home because they are bored to tears if it is because they are the society of women who can talk with them about something else besides the baby's milk and the price of butchers' meat.

If it were a man thinking about getting married, the main thing I would consider was whether the woman was an intellectual equal with the man. For this reason, I have with few interests get peevish. But brains improve as they grow older.

DOROTHY DIX.

## WHY GROW OLD

### Depilatories Serve As Good Grooming Aids

EXCESS HAIR on the legs can be removed with a depilatory such as this girl is using. But there are other equally good methods.

By Josephine Lowman

A little child does not have to tell the woman of today that superfluous hair is something she cannot keep if she hopes to be alluring and dainty.

Skimpy swim suits and play clothes, sheer blouses and hosiery, make the possessor of superfluous hair self-conscious. As a matter of fact, this has become such a taken-for-granted part of good grooming that it is repulsive to others when long hairs show through thin stockings and hair is visible under the arms or on the chin.

How hairy you are, the distribution of your hair and its thickness and quality are inherited along with other physical characteristics. Some families have heavy heads of hair while fine thin hair seems to run in other family groups. Some families are subject to more superfluous hair than others. By superfluous hair we mean hair on the face, the arms, the torso and the legs. Sometimes glandular disturbances cause a change in the superfluous hair situation.

In reporting facts to you it is impossible for me to be anything but honest. If I feel that I cannot be honest about a subject I do not write about it. I do NOT believe that shaving the legs makes the hair grow in thicker or that tweezing a few dark hairs from the face makes them come in stiffer. They are already stiff.

During an interview with an expert in electrolysis I once said this. He replied, "That is probably true in many cases but there are women who are so susceptible that tweezing and shaving do have an effect." I do not know whether or not this is true but that was his opinion.

When you shave your legs the hair does come in seemingly stiffer. This is not because the size of the hair has changed but because the end is blunt rather than tapered. This is not so when tweezing. When you pull a hair out the hair then grows again from the root and comes in the same form as before.

Electrolysis is the only permanent method of hair removal. I have many requests from women for information about this. I am going to answer some of the questions they ask.

1. No scars are left if you have a well-trained operator. Sometimes a sensitive face will be a red for a few days but this disappears.

2. It is not painful.

3. The time it takes depends on the individual, how close the hairs are together, how many there are, how large the area is, and the sensitivity of the skin.

4. How much will it cost? This depends on how much there is to do. Each trip to the electrolysis expert will cost about what a trip to the beauty salon for hair fixing would be, and the treatments can be spread out as long as you wish. There is a new shortwave method when the radiometric machine is used and hundreds of hairs can be removed at one sitting.

If you would like to have my leaflet about superfluous hair and varicose veins, send a stamped, self-addressed envelope with your request for Leaflet No. 55 to Josephine Lowman in care of this newspaper.

## YOUR BABY AND MINE

### Orange Juice Is Vital Part of Baby's Diet

By Myrtle Meyer Eldred

It isn't unusual for a mother to write me, "My baby doesn't like orange juice (or can't take it) so I just stopped giving it to her." This shows a lack of understanding of the vital part orange juice plays in the diet of a growing child.

In the days when almost every baby was breast fed, orange juice was not a vital food, for breast milk is "live" food and provides the essential food elements. Babies, who take breast milk, can get along without orange juice, but it is a pleasant food and it is well to get a baby used to its tart taste in the event that he is put on cow's milk.

Cow's milk, when freshly milked, has plenty of Vitamin C. But babies don't digest cow's milk as easily as they get it after some days are past and it has gone through processing to preserve it and make it safe to drink. So, for them, orange juice provides those elements which are diminished by time, boiling, drying, homogenization or pasteurization.

The lack of vitamin C causes scurvy and we see so little of it that it is obvious most children get enough of it in their daily food and fresh fruit juices. Once, in a clinic, I saw a baby with a fairly well developed case of scurvy. It had spongy, purplish gums, which receded from the teeth; it would not stand on its feet; it was pale and "sooty" looking. For only three weeks, it had been deprived of all but cooked food, chiefly macaroni. Macaroni is a good food but not for a whole diet, and minus all fresh foods.

Fresh juices and fresh uncooked foods are still the cure for this ancient ailment. If the baby cannot take orange juice, and some cannot, tomato, carrot or cabbage juice (raw), sour kraut or pineapple juice are all substitutes. Ascorbic acid in fluid or tablet form can be added to the formula or given mixed with water and can substitute for any of the above.

Begin all juices in teaspoonful portions and increase slowly until the baby can take two to three ounces a day of the citrus fruit juices, double this amount of tomato juice. They may be diluted with water when baby is small and this may be omitted as he gets used to this new food.

Our leaflet No. 22 "Formulas and Early Feeding," suggests each step of baby's feeding program from the sixth week and on. It may be had by sending a stamped, self-addressed envelope with your request to Myrtle Meyer Eldred in care of this newspaper.

Tomorrow: "Help the Middle Child Be Different."

The average golfer walks eight miles during an 18-hole game.

FOR TUESDAY, AUG. 20, 1940

March 21 to April 20 (Aries)—Avoid tendency to neglect or grow careless. Be diligent in personal matters. If you don't, the penalty may be greater than you can easily understand. Remember the purpose of prevention.

April 21 to May 20 (Taurus)—Better than average results likely today. Make average efforts on tap. Get in the swim. Make each problem according to importance, give essentials first place and gain maximum benefit.

May 21 to June 21 (Gemini)—Your intent may be commendable but the effort following is very important. Especially days like this. Don't need subterfuge, be direct and move forward.

June 22 to July 21 (Cancer)—Some untoward events likely today. Be wary. Get far into back of day's problems for quickest way to solve. Much opposition from outside your control, be alert have confidence.

July 22 to August 21 (Leo)—Attractive situations for financial or business matters. Be sure you are not misled by who they are such. Be guided by sound business judgment and you will achieve.

August 22 to September 21 (Virgo)—Things involving property, investments, general business should be thoughtfully considered. Be sure you are not misled by who they are such. Be guided by sound business judgment and you will achieve.

September 22 to October 21 (Libra)—Equal treatment to all urgent subjects. Be sure you are not misled by who they are such. Be guided by sound business judgment and you will achieve.

October 22 to November 21 (Scorpio)—Make no commitments you can't fulfill, sign no papers without carefully checking. Today may cause irritation, unless you are not on the job. Guard personal affairs.

November 22 to December 21 (Sagittarius)—Less stimulating for financial matters, business aspects. Don't becloud things with brusqueness or superficial knowledge. Act within reason, follow honorable laws.

December 22 to January 21 (Capricorn)—Bygone certain business. In my confront you, differentiate well. Only can an enhanced with extra hard work, improved. Personal conduct can always help you advance.

January 22 to February 21 (Aquarius)—Have faith, grit and you can expect good return for your efforts. Inroads on money matters should be taken care of judiciously. Check expenditures against budget.

February 22 to March 21 (Pisces)—Extra fine prospects from business in general, investments, trading, handling funds, mass production. Take full confidence of possibilities early. Don't over-enthusiasm.

## Tobe on Fashion—

The Ottoman Suit Is The Aristocrat of Fall Dress Fashions

I think ottoman is one of the most aristocratic fashions that has ever been used in dresses. It is really a de luxe fabric with heavy satin ribs. Ottoman makes wonderful suit dresses because it takes beautifully, yet the fabric itself is so handsome that it gives an entirely simple suit great elegance.

Of course it is used for dresses too—as the new princess coat dresses and even cocktail frocks.

But to me it is the smart suit dress that shows off the full beauty of ottoman.

## No Clinging Vines In Canadian West

VANCOUVER, (CP)—Western women can take a bow on their ability to take care of themselves. Pheng Gek Yap, of Singapore, hasn't seen a clinging vine during his first trip to the western world. Independent, self-reliant, straightforward—was how he described Canadian women.

Moths vary greatly in size. Some are almost invisible while others have a wingspread of seven or eight inches.

# OIL

## Daily Average Hits New High

By Don Flach

Alberta's daily average crude oil production has topped the all-time record for the second successive week according to compilations of the Petroleum and Natural Gas Conservation Board.

For the week ending August 22 production averaged 63,373 barrels a day compared with the previous week's high of 59,826 barrels daily established during a week in mid-July.

### REDWATER ADDS 12

Both Leduc and Redwater production climbed during the week. Leduc output was boosted from 28,095 to 29,151 barrels and Redwater added 12,000 barrels to its output.

Thirteen more wells were in production in the Redwater field during the second week bringing the total to 147, while Leduc added

one more well to its output. The two fields were credited with 2,576 barrels and 500 other associated wells in the province contributed 1,000 barrels to the total.

### GULF EXPANDING

Gulf is continuing to expand its production in the Redwater field. Two more Redwater wells have been put into production. The company is also planning to drill more wells in the field.

Of the north-east and north-west quarters of section 24-27-24-3 Gulf has been drilling at 2,000 feet. The company is also planning to drill more wells in the field.

### Livestock

EDMONTON, Aug. 22 (CP)—

Calves were in demand at 17.50 to 18.00. Medium 16.00 to 17.00. Medium to good heifers 14.00 to 15.00. Cows were slightly stronger under a firm demand.

Good butchers 11.50 to 12.00, with odd lightweight heifers up to 12.50. Bulls 10.00 to 14.00. Calves unchanged. Good weaners 18.00 to 20.00.

Hogs sharply lower. Grade A for shipment 32.00. Local plants 30.00. Some live weight on yards 25.00 to 26.00. Packer hogs 24.00 to 26.00.

Lamb steady. Good to choice handweights 10.00 to 20.00. Truck weights 8.00 to 10.00.

Following are the quotations:

Choice Fed Calves 18.00 to 19.50. Choice Heifers 16.00 to 17.50. Choice Steers 14.00 to 15.50.

Choice Fed Calves 18.00 to 19.50. Choice Heifers 16.00 to 17.50. Choice Steers 14.00 to 15.50.

AT WINNIPEG

Calves 12.00 to 14.00. Hogs 24.00 to 26.00. Packer hogs 24.00 to 26.00.

## Spotlight Falls On Upper Canada

Mines Issue Soars To \$3.65; Industrials and Metals Dip

TORONTO, Aug. 22.—(CP)—Upper Canada mines held the spotlight in the busiest session in some time on the Toronto Stock Exchange today, soaring to an all-time high at \$3.65.

Otherwise the market was quiet. South Brabant weakened 1/2 to 1/4 with prices leading to continue last week's downward trend. Industrials, too, fractionally ahead of Friday's dipped fractions, and producing metals slumped. Base metals were weaker with copper and zinc eased from early firmness. Volume was about 1,340,000 shares.

EDMONTON BULLETIN, Monday, Aug. 20, 1940 13

## Turkey Is Allotted Over Million Bushels

WINNIPEG, Aug. 20.—(CP)—The United Kingdom was allocated about 1,000,000 bushels of wheat on the Winnipeg Grain Exchange today while other sales included more than 1,000,000 bushels to Turkey and about 500,000 bushels to South Africa.

In 1937, according to a South Canada dispatch, Turkey in 1937 and 1938 was allocated 1,000,000 bushels of wheat. It was allocated 1,000,000 bushels in 1939 and 1,000,000 bushels in 1940.

In 1937, according to a South Canada dispatch, Turkey in 1937 and 1938 was allocated 1,000,000 bushels of wheat. It was allocated 1,000,000 bushels in 1939 and 1,000,000 bushels in 1940.
